

Attention Parents of 8th Grade Students

Class of 2023 Parent Information Night

Avon High School will host an information night for 8th grade parents on Tuesday, February 5, from 7:00-8:30 p.m. The evening will include information regarding incoming freshmen and the varying programs which will be available at Avon High School for the class of 2023. The evening will begin in the high school auditorium with information from the administration and guidance staff, after which, break-out sessions will be available for private school parents and students with special needs. It is at this time that parents will have an opportunity to meet their child's guidance counselor. The information night is a great opportunity for parents to learn more about the high school and to help prepare your 8th grader for the scheduling process and transition to 9th grade.
